

INFORMAL DIALOGUE ON PLASTICS POLLUTION AND ENVIRONMENTALLY SUSTAINABLE PLASTICS TRADE (IDP)

DRAFT QUESTIONS FOR A PROPOSED SURVEY ON TRADE-RELATED MEASURES ON PLASTICS POLLUTION

The following communication, dated 13 May 2022, is being circulated at the request of the delegations of Australia, Barbados, China, Ecuador, Fiji and Morocco (IDP Coordinators).

The draft questions below would be transposed to an online format for completion.

Question 1.	
What is the title of the measure/policy?	
Please provide a description of the measure/policy.	
Question 2.	
Type of measure(s) covered by the policy (check those that apply).	
<u>Options</u>	<u>Response</u>
Sustainability Requirement (e.g. Product/production specifications, voluntary/mandatory, characteristics/performance, labelling, quotas, bans)	
Pricing and Market Mechanisms (e.g. Environmental taxes)	
Support and financial programmes (e.g. Research and development, fiscal, price and investment measures, government procurement)	
Other (please elaborate)	
Question 3.	
What is the objective of the policy measure? (please elaborate).	
Please select from the list below, the objective(s) that is applicable to the policy/measure (check those that apply).	
<u>Options</u>	<u>Response</u>
recycling	
reuse and remanufacturing	
eco-designing	
single-use plastics	

waste management (including its trans-boundary movement) and leakage avoidance	
promotion of alternatives and substitutes	
chemical, toxic, and hazardous substances management	
promotion of waste management and other technologies	
other (please elaborate)	
Question 4.	
<i>At which stage in value chain life cycle is the policy measure for? (check those that apply).</i>	
<u>Options</u>	<u>Response</u>
plastic feedstock	
primary plastics	
plastic-based inputs and intermediate forms	
finished goods and manufacturing	
packaging materials	
plastic use	
waste and scrap (including its trans-boundary movement)	
recycling	
other (please elaborate)	
Question 5.	
<i>Which products/services are covered?</i>	
Question 6.	
<i>Please mention the relevant HS /ICS Codes (if applicable).</i>	
Question 7.	
<i>When was/is the policy intended to enter into force?</i>	
Question 8. (optional)	
<i>What challenges or needs were faced, or are expected to be faced, for the successful implementation of the policy?</i>	
Please select from the list below, the challenges or needs that apply to the policy/measure (check those that apply).	
<u>Options</u>	<u>Response</u>
access to technology	
technical assistance on policy development	
technical assistance on policy implementation (e.g. market surveillance)	
certification, testing and metrology	
customs challenges	
financial and investment assistance	
domestic private sector engagement	
domestic civil society engagement	

cooperation from exporting countries	
cooperation from value chain actors (incl. exporters)	
regional cooperation	
Other (please elaborate)	
Question 9.	
<i>Are there mechanisms in place to assess the measure's efficacy and/or efficiency and targeted results? If so, are there any results already identified (e.g. variation in targeted plastics and/or wastes volumes, variation in plastic waste mismanagement, variation in trade in targeted goods/services...)?</i>	
Question 10.	
<i>Please provide a link to the legal text(s) and/or other information on the policy.</i>
