Anand Sharma Releases New Foreign Trade Policy 2012-13

Reward Scrips can be Used to Pay Excise Duty

Speech by Anand Sharma Minister of Commerce, Industry and Textiles at the Release of Annual Supplement 2012-13 on 5 June 2012 – Extracts

Ladies and Gentlemen, I have the privilege of presenting the Annual Supplement 2012-13 to the Foreign Trade Policy.

Three years ago, the Government had announced the 5-year Foreign Trade Policy for the period 2009-14 and we are now halfway through this 5-year period. This presents for us an opportunity to take stock of our performance, recognize the challenges we face and make mid-course correction where necessary to ensure that we are able to achieve the target of US\$ 500 billion exports by 2013-14.

It is indeed a difficult task to present a policy which aims for rapid growth in exports in the face of weak global demand and the unabated persistence of the global economic crisis which erupted 4 years ago. The difficult economic situation in the Euro Zone crisis poses a real risk of destabilizing the fragile recovery and sinking the world into yet another recession. We are also faced with an unprecedented volatility in commodity prices and the crude oil prices touched a new high last year, adding pressure on our import bill.

The Indian economy has also not remained insulated from these developments and the GDP figures of last quarter are indeed a cause of serious worry. The **Index of Industrial Production** has also highlighted the slowdown in manufacturing. The **Gross Fixed Capital Formation** has also slipped to **less than 30%** indicating a deceleration in investments. The weakening of the rupee will have its own implication on our annual import bill. Clearly Indian economy is passing through a difficult phase.

However, as we look at the achievements of the year gone by, we can derive some satisfaction from the fact that Indian exports maintained their momentum registering a 20.9% growth last year to touch **US\$ 303 billion**. This by all accounts is a commendable achievement and a critical turnaround, given the fact that exports had declined to US\$ 178 billion in 2009-10. We have been able to reach thus far by providing a stable policy environment and the market diversification strategy which enabled an outreach to newer markets in Asia, Africa and Latin

Cont'd..90

Anand Sharma in Trade Policy Beautification Drive

Arun Goyal/6 June 2012

The DGFT finally succeeded in getting the minister to release the Foreign Trade Policy 2012 to a packed hall of exporters and media at the prestigious Vigyan Bhavan in the Capital on 5 June. The normal cycle of release of the Policy in the beginning of April shortly after the Union Budget in March is restored to an extent. It is sad that the thorough review of the sectors by DGFT over the last three months in face to face meetings with the best of the exporters should have yielded so little by way of bold strategy to promote exports and manage imports. Thus the devaluation of the rupee to the 56 mark against the dollar has made Indian product and commodity prices in rupee terms lower by at least 25 percent. Yet the Commerce Minister says that he is targeting export growth this year at a 'minimum' of 20 percent, the same as that in year gone by. This is not fair calculation, imports go down due to an expensive dollar, exports too should rise based on a cheap rupee.

India is moving up in the world, it is now a permanent fixture in the top 20 in the WTO world exporters and

world importers club. It ranks at the top in rice, textiles, diamonds, pharma and software. Similarly, it is a top importer of electronics hardware, consumer goods, energy goods, recyclable material and machinery. Each of these sectors has many problems and issues which could have been addressed by the Minister. Yet all we have is tinkering and beautification, some more items and markets for incentives whose effectiveness has yet to be demonstrated or proved. (Can you believe it, exports to Austria, which is a member of the EU and Euroland will now be incentivised as a focus area, this is when exports to the country have no meaning since good move freely through Europe in the common market regime. How and why do the garment exporters manage the focus incentive EU and US. Focus covers only a part of a market which has potential for growth, they cannot be used for a well explored and developed market.

The continuation of the interest subvention scheme is said to be a major achievement of the policy.

Cont'd..90

Cont'd..89...Anand Sharma in Trade Policy

Hardly...interest rates in India are fixed artificially in India, the average spread between lending and borrowing in India is estimated at 3.5 percent in India, which is the highest profit margin in the world! Thus if the government gives away 2 percent to the banks in the subvention, there is no 'cost' to the government or the banks which still earn 1.5 percent from the exporter.

On the credit side, The DGFT and his able team of officers have done well to bring about procedural reform like end to end, seamless documentation from shipping to payment stages through EDI for incentive disbursal. The EPCG on post export basis is good step, however, how many exporters trust the government to keep its promise of rewarding them with scrips many years after the actual export. Similarly, the offer of excise duty payment through the reward

scrips is fine but most exporters buy their goods through the market and in small quantities. Besides, the scrips are riddled with unworkable actual user conditions and shopping lists. The Government should stop micro management and give the incentive to the exporter up front in a clean, one shot transaction. And, last, why should the government decided how the carpet exporter of Bhadohi gets his payment, the new policy says exports must only be on LC basis, shipments on credit are not allowed. This is hardly the way to handle an industry that has a successful history of over 40 years in which it has diversified from only Persian designs to Chinese, Zen and Western classical motifs.

Let us hope that the other changes on SEZ, EOU, Deemed exports and B to C transactions promised in the near future will see some new thinking on trade. We are tired of seeing the wine in old bottles.

Cont'd..89 – Speech by Anand Sharma...

America has clearly paid off. Throughout the last 3 years, we have worked in a spirit of true partnership between government and the exporting community, and we have intervened effectively when necessary to give stimulus to the struggling sectors.

We had unveiled an Action Plan in May 2011 for doubling India's merchandise exports to US\$ 500 billion which was based on a strategy which hinged on four pillars:

- a) **Developing products with a considerable growth potential**
- b) **Market diversification strategy**
- c) **Nurturing high technology exports**
- d) **Build a Brand India**

In the last 3 years, we have significantly expanded the scope and coverage of the Focus Market Scheme which now covers 112 markets across the world. This has clearly yielded results as last year, India's exports to Asia, Africa and Latin America put together totaled US\$188 billion which constitutes 62% of India's total export basket which is a significant development. Another redeeming feature of our export performance last year was substantial increase in value added exports, engineering exports touched US\$ 60 billion, gems and jewellery crossed US\$ 46 billion, and textiles exports crossed US\$ 14 billion and pharmaceutical exports stood at US\$ 13 billion.

Free Trade Agreements (FTAs) are an important element of India's trade strategy and through FTAs, we have sought to enhance our presence in new and emerging markets to increase our market share. We also view these agreements as vehicles for ensuring raw-material and intermediate products for our domestic industry at competitive prices. In the last 3 years, we have signed **Trade in Goods Agreement with ASEAN, Comprehensive Economic Partnership Agreements with Republic of Korea, Japan, and Malaysia** and are now negotiating similar Agreements with New Zealand, Australia, Canada. We are at an

advanced stage of concluding an ambitious Broad based Trade and Investment agreement with EU. We expect that as a result of these agreements, Indian exports will be able to gain significant market access in newer territories.

Now, I would like to share with you the **measures which we are taking this year for giving a boost to exports**. As I mentioned earlier that a stable policy regime has been a key ingredient of our Foreign Trade Policy and the schemes which were put in place earlier have served us well and we intend to continue with these schemes in this Annual Supplement as well with suitable modifications.

The underlined philosophy of this year's Supplement is based on seven broad principles:

- a) Give a focused **thrust to employment intensive industry** because **we view exports not only in terms of their economic contribution but as a means of generating gainful employment**
- b) **Encourage domestic manufacturing for inputs to export industry and reduce the dependence on imports**
- c) **Promote technological upgradation of exports** to retain a competitive edge in global markets
- d) **Persist with a strong market diversification strategy** to hedge the risks against global uncertainty
- e) **Encourage exports from the North Eastern Region given its special place in India's economy**
- f) **Provide incentives for manufacturing of green goods recognising the imperative of building capacities for environmental sustainability**
- g) **Endeavour to reduce transaction cost through procedural simplification and reduction of human interface**

Last year FM had agreed to create a special dispensation for labour intensive industry by extending the facility of 2% interest subvention for Handlooms, Handicrafts, Carpets and SMEs. We have now decided to extend the scheme for

another year till 31st March 2013 and expand its coverage to include other labour intensive sectors namely Toys, Sports Goods, Processed Agricultural Products and Ready-Made Garments.

In order to give a thrust to labour intensive exports, we are doing away with the condition of maintaining average level of exports for labour intensive sectors like carpets, coir, jute in addition to already notified sectors-handicraft, handloom, cottage, sericulture etc.

To facilitate setting up of Common Service Centres located in the town of excellence, a Common Service Provider under EPCG Scheme will be **permitted to give a single Bank Guarantee (BG)**. Three new towns are being declared as towns of export excellence-Ahmedabad (Textiles), Kolhapur (Textiles), and Saharanpur (Handicrafts)

In order to **promote manufactured exports of green technology products**, export obligation under EPCG scheme is being reduced to 75% of the normal export obligation for 16 identified products like solar cells, wind turbines, water treatment plants, electrically operated vehicles etc.

We recognize the need of promoting manufacturing activity and generating employment in the **North Eastern States**. We have taken a decision to reduce the Export Obligation under the EPCG Scheme to 25% of the normal export obligation and this facility will be applicable to North Eastern States and Sikkim.

In order to **reduce transaction cost** and ensure faster clearance of import consignment, we have decided that once an Advance Authorization is registered at any port, it will be **permitted for utilization at all EDI Ports**.

Visakhapatnam Airport has been identified as a new Port for the purpose of benefits under export promotion schemes.

The nature of world trade has changed considerably and today a large quantity of exports are being made by post, courier as well as through E-commerce. We have **now decided that exports shipped through Courier and E-Commerce platform will be eligible for export benefits if shipments are effected from Delhi and Mumbai**. An Inter-Ministerial Task Force constituted by the Ministry of Finance would expeditiously look into various aspects of e-Commerce to enable shipments through designated posts.

The **SEZs** have been a key instrumentality for providing robust infrastructure for export promotion. Today, these Zones provide direct employment to over 8.45 lakh people and last year contributed to exports of Rs. 3.65 lakh crores. They have received investment of over Rs. 2.02 lakh crores which is a significant achievement. However, after imposition of MAT and DDT, there has been a visible slowdown in growth of exports from SEZs.

We have undertaken a comprehensive assessment of the SEZ Scheme to re-visit certain aspects of the policy and operational framework and after concluding the inter-ministerial consultation, we will be able to come out with new guidelines to make the operation of

the SEZ policy more buoyant.

The 100% EOU Scheme has also been reviewed, to assess its remodeling after withdrawal of Income Tax exemption under section 10(B) of the Income Tax Act. A Committee was constituted for this purpose, which has now submitted its report and **over the next few months, we shall be making an announcement of the revamped 100% EOU Scheme.**

Deemed Exports Scheme which provides benefit of exemption and remission of duty for supplies to specified projects, to domestic manufacturers. This scheme **is also undergoing comprehensive review** and after concluding inter-ministerial consultations, we shall be announcing changes in this Scheme as well.

The Foreign Trade Policy document has been **comprehensively reviewed and edited, made more user friendly** and an effort has been made to remove all ambiguities and incorporate subsume all clarifications in a single document.

The guidelines for the Scheme for assistance to States for development of infrastructure and allied activities (**ASIDE**) to strengthen export

related infrastructure has been re-formulated. The new guidelines will ensure that States should take up relatively larger projects which would have a visible impact for boosting exports.

In order to provide facility to Indian exporters to reach out to new markets, we administer another scheme **MAI (Market Access Initiative)** under which assistance is provided to exporters to organize buyer-seller meets, exhibitions abroad following an approach on specific focused products and focused countries. 13 India Shows have been planned for this financial year which will be held in different parts of the world to showcase the best of Indian industry and manufactured products and promote Brand India.

I hope that these measures will infuse necessary confidence in the exporting community and provide required dynamism even in this gloomy time. It is our expectation that with these measures and with the tenacity of our exporting community, we shall be able to sustain an annual export growth of 20% this fiscal as well. We shall be watching the global economic developments closely and shall intervene effectively to ensure that Indian exports stay well on course for achieving the targets.

import Capital Goods on payment of duty in cash and subsequently receive duty credit scrip on completion of export obligation. Thus there would be no duty remission / duty exemption at the time of import of the Capital Good (CG). Applicant will have to inform the Regional Office of DGFT (RA) about the import of CG and based on which RA will fix export obligation. Since the duties have been paid upfront at the time of import of CG, the EO would be 85 % of normal EO. On the basis of export performance, a Duty Credit Scrip will be issued subsequently, by RA, in proportion to export obligation so fixed. This would obviate the monitoring and reporting requirements, as the scheme would be self-monitored. Reduced transaction cost coupled with comparatively reduced EO would make this scheme attractive.

6. Under the EPCG Scheme, at present, the condition of maintenance of average level of exports is not applicable to some sectors, namely, Handicrafts, Handlooms, Cottage Sector, Tiny Sector, Agriculture, Aquaculture (including fisheries), Horticulture, Pisciculture, Viticulture, Poultry and Sericulture. **Three new sectors** are being added to this list, namely, **Carpet, Coir and Jute.** This would provide substantial relief to these labour intensive industries, which find it difficult to maintain the average export obligation.

7. Presently under EPCG scheme, catalysts are allowed only once for the initial charge. It has been decided to permit a second charge of the catalysts.

8. To facilitate setting up of Common Service Centres located in the town of export excellence (TEE), a Common Service Provider (CSP) under EPCG Scheme will henceforth be **permitted to give a single Bank Guarantee (BG).** The quantum of BG will be equivalent to the amount of duty foregone. It is open to CSP to provide the BG for full amount by himself or on a sharing basis along with the users of the common service.

Support for Export of Products from North Eastern Region

9. To promote manufacturing activity and employment in the North Eastern Region of the country, export obligation under the EPCG Scheme shall be **25% of the normal export obligation.** This would be applicable to the States of Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Tripura, and Sikkim.

10. Export of specified products through notified Land Customs Stations of North Eastern Region shall be provided **additional incentive to the extent of 1%** of FOB value of exports. This benefit shall be in addition to any other benefit that may be available under Foreign Trade Policy in respect of these exports.

Support for Export of Green Technology Products

11. To promote exports of 16 identified green technology products, export obligation for manufacturing of these products, under the EPCG Scheme, is **being reduced to 75% of the normal export obligation.**

12. The 16 products are: Equipment for Solar Energy decentralized and grid connected products, Bio-Mass Gassifier, Bio-Mass / Waste

Highlights of Annual Supplement to FTP 2009 -14

Announced by Minister for Commerce, Industry & Textiles Shri Anand Sharma on 5th June 2012

- 2 % Interest Subvention Scheme: Continuation and Expansion
- Technological Upgradation / EPCG Scheme
- Support for Export of Products from North Eastern Region.
- Support for Export of Green Technology Products
- Support for Infrastructure for Agriculture Sector
- Incentives for Promoting Investment in Labour Intensive Sectors
- Encouragement for Manufacturing Sector in Domestic Market
- Use of "Delivery Against Acceptance (DA)"
- Terms not to be Encouraged for Export of Carpets / Handicrafts.
- Simplification of Procedures
- Visakhapatnam Airport Recognised under Export Promotion Schemes
- Duty Free Import of Embellishments for Exports of Synthetic Made-UPS
- New "e-BRC" Initiative: A Major EDI Initiative
- Search Based "ITC (HS)" on DGFT Website
- Re-Writing of FTP/HBP to Make it More User-Friendly
- Market & Product Diversification
- Towns of Export Excellence

2 % Interest Subvention Scheme: Continuation and Expansion

1. Two per cent Interest Subvention Scheme was available only to Handlooms, Handicrafts, Carpets and SMEs till 31st March 2012. **Now this would be continued till 31st March 2013. It is also being extended to labour intensive sectors, namely, Toys, Sports Goods, Processed Agricultural Products and Ready-Made Garments,** in addition to four sectors benefitting from the scheme earlier.

Technological Upgradation / EPCG Scheme

2. Zero Duty EPCG Scheme had come to an end on 31st of March 2012. For continued technological up-gradation of export sectors, **this Scheme has now been extended up to 31st March 2013.** There is no change in the coverage of the sectors benefitting from this scheme.

3. Though the coverage of the sectors remains unchanged, **scope of Zero Duty EPCG Scheme**

has been enlarged. At present, Zero Duty EPCG Scheme is not available to units that are availing the benefits of Technology Up-gradation Fund Scheme (TUFS). Henceforth, even if the benefit of TUFS has been availed, additionally the Zero Duty EPCG Authorisation can be availed for another line of business by the same applicant. Further, if it is the same line of business, Zero Duty EPCG Scheme could still be availed if the benefits of TUFS already availed are surrendered/refunded with applicable interest.

4. Upto 31st March 2012, the benefit of Zero Duty EPCG Scheme was not available to such applicants who would have availed benefit of Status Holder Incentive Scrip (SHIS). It is now decided that if such SHIS benefit already availed is surrendered subsequently with applicable interest to the concerned RA, and then the benefit of Zero Duty EPCG Scheme would be extended.

5. **Introduction of A new Post-Export EPCG Scheme:** Exporters if they choose to, may

Boiler, Vapour Absorption Chillers, Waste Heat Boiler, Waste Heat Recovery Units, Unfired Heat Recovery Steam Generators, Wind Turbine, Solar Cells, Solar Collector and Parts thereof, Water Treatment Plants, Wind Mill, Wind Turbine/Engine, Other Generating Sets; wind powered, Electrically Operated Vehicles – Motor Cars, Electrically Operated Vehicles – Lorries and Trucks, Electrically Operated Vehicles – Motor Cycles / Mopeds.

Support for Infrastructure for Agriculture Sector

13. Status holders exporting products under ITC (HS) Chapter 1 to Chapter 24 (both inclusive) are provided Duty Credit Scrip equivalent to 10% of FOB value of agricultural products so exported. These scrips are issued for import of Capital Goods and equipments for Cold Storage Units, Pack-houses etc. **Now these scrips will be eligible for import of 14 specified equipments for setting up of Pack-houses.**

14. The 14 equipments are: Packing grading equipments for fruits and vegetables, Equipments for ripening of fruits including ethylene generator, Adiabatic humidifiers for cold rooms, Gas sensor and controlled system covering CO₂, ethylene and oxygen levels, ethylene scrubbers, CO₂ Scrubbers, Blast freezers for IQF plants, Doors for gastight rooms, applications like CA, Banana/fruit ripening, Nitrogen generators, Gas controlling systems for CA stores, Bulk bins for CA stores, Reach stakers for cold stores and warehouses, Belt driven conveyors for bulk handling of cargo, Gantry cranes, unloading, mechanized loaders for bulk and break bulk cargo.

Incentives for Promoting Investment in Labour Intensive Sectors

15. Status holders are issued Status Holders Incentive Scrip (SHIS) to import Capital Goods for promoting investment in up-gradation of technology of some specified labour intensive sectors like Leather, Textile & Jute, Handicrafts, Engineering, Plastics and Basic Chemicals. It is now decided that up to **10% of the value of these scrips will be allowed to be utilized to import components and spares of capital goods imported earlier.** Such a dispensation was not available earlier.

16. At present these scrips are subject to Actual User Condition and are not transferable. Since a status holder may or may not have manufacturing facility, it is now decided to allow **limited transferability of SHIS scrip.** However, such Transferee shall have to (a) be a status holder and (b) have manufacturing facility.

Encouragement for manufacturing sector in domestic market

17. The present Policy allows scrips under different schemes of Chapter 3 of Foreign Trade Policy, namely, Focus Product Scheme (FPS), Focus Market Scheme (FMS), Vishesh Krishi and Gram Udyog Yojana (VKGUY) Scheme, Status Holder Incentive Scrip (SHIS) Scheme, Market Linked Focused Product (MLFPS) Scheme, Served From India Scheme (SFIS) and Agri. Infrastructure Incentive Scrip (AIS) Scheme, for import of goods as per conditions of these Schemes. **Now these scrips shall be permitted to be utilized for payment of Excise**

Duty for domestic procurement. Earlier only scrips under SFIS were so permitted for procurement of goods from domestic market. Now all scrips would be permitted to source from domestic market so as to encourage manufacturing, value addition and employment. This will be an important measure for import substitution and will help in saving of foreign exchange in addition to creating additional employment.

Use of “Delivery Against Acceptance (DA)” Terms not to be Encouraged for Export of Carpets / Handicrafts

18. Export of Handicraft items and export of Hand-Made Woollen Carpets including other floor coverings like Woollen Durries, Druggets, Gabbas, Namdhas and Shaggy **shall not be allowed on the basis of “Delivery against Acceptance (DA)” terms,** unless they are covered by Bank Guarantee or ECGC guarantee. This would significantly protect the business and financial interests of small exporters.

Simplification of Procedures

19. Import under Advance Authorisation (AA) **will henceforth be permitted at any of the EDI ports, irrespective of EDI port in which the AA has been registered.** There would be no requirement of Transfer Release Advice (TRA). This would facilitate imports under AA and would significantly bring down transaction costs of the exporters.

20. **Exports shipments from Delhi & Mumbai through Post, through Courier or through e-Commerce shall be entitled for export benefits under FTP.** An Inter-Ministerial Task Force constituted by the Ministry of Finance would expeditiously look into various aspects to the feasibility of enabling shipments through all postal locations.

21. Exporters will be henceforth permitted to give **single revolving Bank Guarantee** for different transactions.

Visakhapatnam Airport Recognised under Export Promotion Schemes

22. Visakhapatnam Airport has been identified as a **new Port** for the purpose of benefits under Export Promotion Schemes.

Duty Free Import of Embellishments for Exports of Synthetic Made-Ups

23. At present duty free import of embellishments is allowed against exports of Handloom made-ups, Cotton made-ups and Polyester made-ups. This facility will now be **extended to the export of Synthetic made-ups.**

New “e-BRC” Initiative: A Major EDI Initiative

24. An extremely challenging and significant EDI initiative, **“e-BRC” has been launched by DGFT.** “e-BRC” would herald electronic transmission of Foreign Exchange Realization from the respective Banks to the DGFT’s server on a daily basis. Exporter will not be required to make any request to bank for issuance of Bank Export and Realization Certificate (BRC). This will establish a seamless EDI connectivity amongst DGFT, Banks and Exporters. “e-BRC” would facilitate early settlement and release of FTP incentives / entitlements. This is a significant step to reduce transaction cost to the exporters.

Search Based “ITC (HS)” on DGFT Website

25. DGFT has published a new, updated, ITC (HS) classification of Export and Import items. On the DGFT website (<http://dgft.gov.in>), **a facility has been provided to search / enquire about the current Import Policy of an item** by entering either ITC (HS) Code of that item or brief description of that item. This would be of major help to trade and industry as well to academicians and researchers.

Re-Writing of FTP/HBP to Make it More User-Friendly

26. DGFT has undertaken a **through revision of Foreign Trade Policy / Handbook of Procedures, Vol.1** to make it more user friendly. Substantial efforts have been made to remove ambiguities in language, delete repetitions and harmonise the text with amendments to policy and new policy announcements.

Market & Product Diversification

27. 7 new markets are being added to Focus Market Scheme (FMS). These countries are Algeria, Aruba, Austria, Cambodia, Myanmar, Netherland Antilles, and Ukraine

28. 7 new markets are being added to the Special Focus Market Scheme (Special FMS). These countries are Belize, Chile, El Salvador, Guatemala, Honduras, Morocco, and Uruguay.

29. 46 new items are being added to Market Linked Focus Product Scheme (MLFPS). This would have the effect of including 12 new markets for the first time.

30. MLFPS is being extended till 31st March 2013 for export to USA and EU in respect of items falling in Chapter 61 and Chapter 62.

31. 110 new items are being added to the Focus Product Scheme (FPS) list.

32. 2 new items are being added to VKGUY. These are roasted cashew kernel, and protein concentrates & textured protein substances.

Towns of Export Excellence

33. 3 new towns are being declared as Towns of Export Excellence (TEE). These are Ahmedabad (Textiles), Kolhapur (Textiles), and Shaharanpur (Handicrafts)

New Products under FPS, VKGUY and Focus Market

Til, Castor Oil and Guar Gum Removed from VKGUY
Processed Guar Gum shifted from VKGUY to FPS

Subject: Amendments in the Reward/Incentive Schemes of Chapter 3 of Foreign Trade Policy 2009-14 - Appendix 37A, Appendix 37C and Appendix 37D of Handbook of Procedure (Vol. I).

03-PN(RE) In exercise of powers conferred under paragraph 2.4 of 05.06.2012 the Foreign Trade Policy 2009-2014, the Director (DGFT) General of Foreign Trade hereby makes the following amendments in the Handbook of Procedures (Vol. I) (Appendices and Aayat Nirayat Forms) 2009-2014:

1. In **Appendix 37A** of Vishesh Krishi and Gram Udyog Yojana (**VKGUY**), the following products are **deleted** from Table 2 with immediate effect:

Sl. No. / Table	VKGUY Product Code	ITC HS Code	Items
4/Table 2	4	120740	SESAMUM SEEDS
31/Table 2	31	15162039	OTHER HYDROGENATED CASTOR OIL (OPL WAX)
102/Table 2	102	13023210	GUAR MEAL
103/Table 2	103	13023220	GUAR GUM REFINED SPLIT
104/Table 2	104	13023230	GUAR GUM TREATED AND PULVERISED

2. In **Appendix 37A** of Vishesh Krishi and Gram Udyog Yojana (**VKGUY**), the following products are **added** in Table 2 for export made with immediate effect:

Sl. No. / Table	VKGUY Product Code	ITC HS Code	Items	Admissible Rate
794	794	20081910	ROASTED CASHEW KERNELS	5%
795	795	21061000	PROTEIN CONCENTRATES & TEXTURED PROTEIN SUBSTANCES	5%

3. The following products are **added** in Table 1 of **Appendix 37D** (Focus Product Scheme) **after SI. No. 548** for export made with immediate effect:

TABLE 1:

Sl. No.	FPS Product Code	ITC (HS) Code	Description	Rate	Bonus Percentage Benefit
549	549	29051690, 29141990	2-OCTANOL	2%	
550	550	29171300	SEBACIC ACID	2%

560	560	60064100	KNITTED OR CROCHETED FABRICS OF ARTIFICIAL FIBRES UNBLEACHED AND BLEACHED	2%	
561	561	60064200	KNITTED OR CROCHETED FABRICS OF ARTIFICIAL FIBRES	2%	

FTP 2009-2014 Annual Supplement of 5 June 2012 – Policy

01-Ntfn(RE) In exercise of powers conferred by Section 5 of the 05.06.2012 Foreign Trade (Development & Regulation) Act,1992 (DGFT) (No.22 of 1992) read with paragraph 1.2 of the Foreign Trade Policy, 2009-2014, the Central Government

hereby notifies the Foreign Trade Policy, 2009-2014 as updated upto 5th June 2012 and incorporating the Annual Supplement. This shall come into force w.e.f. 5th June, 2012.

Effect of Notification: The revised edition of the FTP incorporating the changes made upto 5th June, 2012 will become operational.

FTP 2009-2014 Annual Supplement of 5 June 2012 – Procedure

01-PN(RE) In exercise of powers conferred under Paragraph 2.4 05.06.2012 of the Foreign Trade Policy, 2009-2014, the Director (DGFT) General of Foreign Trade hereby notifies the Handbook of Procedures (Volume I). This shall come into force from 5th June, 2012.

DGFT Introduces e-BRC System

Sub:- Introduction of electronic Bank Realization Certificate (e-BRC) system.

02-PN(RE) In exercise of powers conferred under paragraph 2.4 05.06.2012 of the Foreign Trade Policy 2009-14, the Director (DGFT) General of Foreign Trade introduces an electronic procedure of filing of Bank Realization Certificate (BRC).

2. At present, for claiming benefits under various schemes of Foreign Trade Policy, exporters have to obtain Bank Realisation Certificate (BRC) from banks in the existing formats prescribed at Appendix 22A (physical exports) and 22B (deemed exports) of Handbook of Procedure -Vol.1(Appendices and Aayaat Nirayat Forms) and submit the same to the Directorate General of Foreign Trade (DGFT) manually. With the introduction of electronic BRC system, banks will issue and transmit BRC's electronically to DGFT's server replacing the manual mode of obtaining and submitting BRC. The revised process flow with technical guidelines are available on the DGFT's website dgft.gov.in under the 'e-BRC' icon.

3. The existing system of physical BRC along with the new system of 'e-BRC' will however, run concurrently for a period of one month from the date of issue of this Public Notice for ensuring smooth transition. Thereafter, issuance and transmission of 'e-BRC' to DGFT in electronic form would be mandatory.

Effect of Public Notice:

Submission of physical copy of BRC for claiming benefit of FTP will not be mandatory after one month from the date of issue of this Public Notice. The 'e-BRC' will reduce the transaction cost and time.
